OPEN BOARD OF BROKERS-3 P. M.

PETROLEUM AND MINING STOCK.

TUESDAY, Sept. 11-F. M.

Gold closed at 1457, after selling at 1461. Government stocks, both gold-bearing and currency interest are stronger, and 7.30s of all issues were salable at 106. The chief business in State securities is in Border State stocks, which are firm and in good demand. Tennessee 6s sold at 71 271], and Louisiana 6s at 100. Railway mortgages of good credit are getting quite scarce, and are firmly held. Bank shares are firm with sales of Fourth National at 107, and of Metropolitan at 131. Mariposa Preferred, under its new management, is steadily rising, and is firm at 28]. Atlantic Mail rose 2 per cent, Rallway chares are irregular but generally lower. Eric was firm in view of the closing of the books. There will be no contest at the election; indeed, so far as the stockholders are concerned, there is little to contest. The road is getting hardly enough to meet its lay-rolls, supplies, leases and interest, and the subject of dividends will not be often brought into the board about to be elected. Reading is still strongly supported. Michigan Scuthern is heavy and lower. In the other Western shares no material change. After the call Government pecurities and State stocks were firm and Railway shares

and in Boston at 35-250c.

The market was dull and steady. After the call Erie sold at 72

and we strong for cash delivery, but effered at [2] per sent for seller 10 options. The market closed dull at que

OUNNX CLUTH IS in fair demand; sales of 300 bales here and in Boston at 35-250c.

HAY—The quity has been fair and the market ruled firm.

We quote at 852 90c. for shipping, and \$1 152 \$1 30 for retail lots.

HOPS are firm and in good demand for home consumption.

The money market is gradually hardening, and call loans under five per cent are less frequent. The supply of commercial paper is larger, but at the discount houses best names of short date pars at 5 per cent, and good at 5; 26 per cent. The statement of the city banks shows that the late of stock operations, in the form of new facilities to the continues, and in connection with a growing demand for money in home channels is steadily enabling lenders to make better terms. The Sub-Treasury is increasing its balance which since Sept. 1 has advanced nearly \$6,500,000, and this too after paying the 10-40 interest. The balance at this port is only \$7,500,000 less than when the Department commenced to pay off the temporary loan, and promises to increase steadily from customs and internal revenue, and enable the Secretary of the Treasury to make to Congress a statement which will advance the national credit and make it apparent that specie payments can be resumed without delay beyond January, 1867.

Exchange is in active demand. Brokers' (prime) 60 days' sterling is current at 106@1061; three days' sight do., 1061@107. Francs, long, 5.321@5.30; short, 5.30@

The business of the Sub-Treasury was: Receipts, \$2,762,510 81-for Customs, \$456,000; Payments, \$1,001,-330 28; Balance, \$87,411,321 28. Gold notes—\$233,000.

The exports (exclusive of specie) from the part of New-York to foreign ports for the week ending September 11

were \$3,042,586. The Cincinnati Commercial of Sunday remarks The Cincinnati Commercial of Sanday reneaths:

Exchange is kept at the old rate, but the market stiffens some, there being a demand sufficient to nearly absorb the receipts, which, in great part, arise from the transfer of Government securities to New-York for a market. The movement of produce Eastward is light, quite insufficient at present to settle the accounts of our merchants in the purchase of goods. The outside buying rate in our table is extreme, as nearly all the purchases are as 1.5c. off. The business in money is active. Depositors keep their current accounts close, and want more favors in the discount hie than they assult of at this season of the year. Rates of interest are consequently firmly maintained.

The Philadelphia Ledger says; The authracite coal trade slockened off a little last week though the concerted effort started in this city to effect an entire suspension of the trade has been far short of expectations. Some few of the collieries stopped in obedience to the suspension made that it should be general; but as it was seen that some kept on work, those that had anocked off after a few dars resumed, and, as the tennage of the past week shows, the trade may be considered pretty fully in operation again. The tunnage from the Schuylkill region is reported et 104.33 tuns, against 107,046 tuns in corresponding week last year. The tunnage by all carrying companies for the week is 314,535 tons, being 9.701 more than in the same week last year. The tunnage for the year is 8,567,304 tins, being an increase of 2,809,979 tuns over the tunnage to the same time in 1865.

the demand for coal, and thus favor an advance in price to consumers.

We have some twelve or thirteen weeks yet of the coal season, which at the average of only 220,000 thus per week, will add ever three millions of times to the present production, and give an aggregate anthractic tunnage for 1865 of eleven and a neal to twelve millions of times. It has been estimated that the market would take this year two and one-half millions times more than last year, and we are now hearly three millions to excess of 1865, with some three millions of trade to the close of navigation, which is not likely to be less than last year. It is certain that there has been some mistake as to the capacity of the market this year, or else there is a large amount of coal that has not gone into consumption. With these facts in the hands of the trade, the future of the season is not very flattering for producers and carriers, whelever it may prove to consumers.

The Michigan Southern road earned the first week in

Printing cloths, The Providence Journal of 10th September says:
In the early part of the week under review the

In the early part of the week under review the market for this fabric was very firm, and there were many indications that holders would succeed in effecting an advance, but toward the middle of the week the demand fell off to some extent and closes dull and nominal at quotations, with parties ready to sell both for present and future deliveries at 135c., without takers, for standards. The following are the sales: 3,000 pieces 5650, 114c.; 5,000 do. 60164, 134c.; 15,000 do. 64164, 134c.; 25,000 do. 64164, 134c. Total, 34,500 pieces.

The number sold yesterday at One-Hundredth-st. 1,900 head, compares with 3,179 head last week and with 3,659 head, the average per week last year, and with 4,131 head, at market one year ago.

head, compares with \$1.70 head last week, and with \$1.65 head, the average per week last year, and with \$1.31 head, at market one year age.

THE OPENING, OR PRINCIPAL DAY, OF THE MARKET.

Monday, Sept. 10.—The cattle market lacks an important element to-day. There are neither Jewish buyers or sellers to be seen, and so numerous is this class of operators that trade is slow in their absence. This is their New Year's—holding almost universally kept—and in anticipation of it they sold about 400 head yesterday. This left i, 500 in the yards to-day, which in ordinary markets would not last long, but now they dragged until night, and at a late hour some still remained unsold. Those left last week were sold on Wedneaday, ave C. S. Green's bulls. Finding the farmers would not come to the yards after them, he has taken them to the farmers of Westchester County, or in other words, turned them out to grass. Most of the cattle on, sale to-day were of good, fair quality, with several really superior droves. One let of 30 choice 9 cwt. Ohio grade Durhams averaged close upon 18c, while 20 State steers from the farm of that well-known Westchester County grazier, T. Wheeler, were bought by W. Lalor at \$170 each, or over 18c, according to buyers' estimate of 91 cwt. They were a part of 54 head grazed by Mr. Wheeler, and sold to Mr. Lalor upon the farm. The tops of seperal other Ohio and Kentucky droves brought 1742 lice, or fully up to the prices of last week, while below those all grades sold a little higher than at the previous market, owing more to quality, however, than anything else. Save one lot of State bulls at about 10c, and some one case 17c, but the latter was generally the previous market, owing more to quality, however, than anything else. Save one lot of State bulls at about 10c, and some of the bruised cattle alluded to last week at 13214c, very few, even of the rough cattle, went below 14c. Whole-sale butchers calculated their Washington Market cattle cost 162 loig.—In some case 17c, but the latter was generally

Messenger & Gillett, O. 115
HEMARKS ABOUT BERF CATTLE.
The total number this week 5.580 head, compares with
6,929 head last week, and with 5,554 for the corresponding week one year

market one year ago.
THE OPENING, OR PRINCIPAL DAY, OF THE MARKET.

BROKERS SALES OF BULLLOCKS.

E. Loughman sold 60 good Glio steers, 74 cwt., grade Durhams, some retailed at 17@18c., balance wholesaided at 17c. W. Thompson had 20 Ohio steers, fine cattle, for Coon and Thompson, strong 24 cwt., sold at 17@171c.

J. Helcomb had 16 mixed State steers, some very fine, uneven weights, 60% cwt., sold at 16@171c. Also 60 Ohio steers for T. Glass. 64 cwt., fair, at 15@174c.

Eastman. & Bro., sold 31 Ohio and 18 Illinois steers for P. S. Eastman. The Ohio cattle brought 17@18c., on 9 cwt. H. Lawrence took 20 at 18c. They were all very fine, the best for sale. The Illinois catrie would dress 7; cwt., and brought 16@174c., and 36 for A. N. Monroe & Co., Illinois steers, fat, 6; cwt., at 16@17c.

P. F. Cary for J. J. Chancelor, 33 Ohio steers, fair, 6; cwt., cattle at 16c.

cattle at 15-jc.
P. D. Driscoll had 45 Kentucky cattle, good, 8-j cwt., sold at

average 15c. 48 for J. Crum, Illing's cattle, common, 6 cwt. at 14c.

Briggs & Gillett sold 156 for Messenger, Gillett & Co. Ohio steers, very common, 6 cwt., at 13c 15c. 125 for themselves, Ohio steers 6 cwt., fatr flesh, at 14c. average.

Miller, Morehouse & Geary had 85 Indiana steers for themselves, 6d cwt., fair, sold at 15c, average, or \$100 cach.

P. F. Cary sold 50 very good Kentneky steers for W. B. Wood, 7t cwt., fair, grade Durhams, at 16je, average, and 36 light Illinois steers for same owner, common at 15je.

MILCH COWS.—Finding there was no demand for fresh cown here, desilers and farmers falled to forward enough for them at better prices. We have only 57 this week against 13d the previous week. These have all been sold fealing a bare market. Some fine cows hrought \$110, \$125, and \$130. One dealer offered \$110 cach for five cown in Athany, but failed to get them. There is not a large demand for them but a few good cown are wanted and they will bring high prices unless there is a rush to fill this demand. Common and poor cown are doing agry little better, but fine milkers have advanced nearly or quite \$10 per head. There is hovever, a great deal of fancy about a cow, one person offering \$10 c \$20 more than another, and if a dealer cannot secure the first the frequently accepts the latter customer. Common cows sell at \$40 a \$65 cach.

secopts the latter customer. Common cows sen a scheep.

VEAL CALVES.—With few coming to market, and a little imprevement in other meats, yeals too, sell quicker and at a slight advance. They go off as fast as received, fat calves at 13e; fair to good at 12e 12e; poor at 10e, with some as low as 9e. F B. live weight.

Receipts this west.

Quotarross.—The following reports of sales of sheep and lands, by several of the abeep brokers, who sell on comminaton, will give the average of prices per head this week. They are quoted per pound, live weight, for Sheep, 34 274c.; Lambs, 64 249c.

are quoted per pound, live weight, for Sheep, 5; 274c.; Lambs, 6; 26; 9c.

Sheep and lambs are both doing better in the face of increased receipts. The stock was well used up last week, and the 34,000 received since have pretty much all been sold at higher prices. Fat sheep go off quickly at 7 25; c., and prime lambs at 2 29; c...some superior State hambs are reported much higher. The bulk of the sheep are either thin or in only medium condition. A right fat tot is seldom met with, but as cool weather comes on we expect to see an improvement in quality. The 1,800 head received in Sixth-st. on Monday morning were all sold before night, generally at 6; 27c. Fat iots would sell quickly at 7 je., if here. Lambs are fauly 50c. It higher than last week.

R. H. Hüme sold 7,484 sheep and lambs, averaging \$6.70 each.

R. H. Hime sold 7,484 sheep and lambs, averaging \$6 70 each.

E. McGraw sold 3,200 sheep and lambs, averaging \$4 84 each, ranging from \$3 50 to \$6 per head.

The arrivals of sheep at Hodeon City were 7,600, all of which were sunt to this cits for sale, mostly to Robinson-st.

SHEEP DROVERS AT HROWNING'S.

FROM NEW YORK.—James Elliott 143, W. W. Tenhrook 128, C. Stewart 206, Wur. Reed, 398, Mertin Carr 34, William Taylor 143, Jahez Celvins 137, Platt Reed 214, F. Sayder 442, S. FROM OHIO—M. T. Morgan 100, J. G. Geary 102, John McCready 209, John Simmone 211.
FROM NEW JERSUY—Moses Styles 179.
THE SWINE MARKET.

9,102.

Since date of last report there has been little change in the general character of the hog trade until Saturday, when an advance of from iwic occurred, owing to the fact that receipts were about equal to the denance of the retail trade. The market opens this morning with it cars on sale, and these were sold only at the following range of prices: Heavy and prime, 112 116:, medium, 10; Wile:, soullawags, N70 10;c. No stillers on sale.

SFFT. 11.—4,735 blus. Floor, 327 bbls. Whisky 2,201 bbls. Corn Meal, 826 sacks Gil Cake, 1,298 bush. Wheat, 165,707 bash. Corn. 15,208 bush. Oats, 620 bush. Seeda, 8 pags. Ashes, 100 pags. Beef, 6,106 bbls. Petroleum.
